SATURDAY, JANUARY 21, 1888

An exchange says:

An extraordinary cold wave has passed over the country within the past few days. It has extended almost the length and breadth of the continent. It has been especially severe along the border of what are generally called the Northwestern States and Territories. Minnesota, Nebraska, Kansas, Dakota and Montana have suffered in a manner that they never suffered before. Fierce winds and intense cold extended over the great central plain of the continent and extending as far south as Texas, sweeping the great cattle ranges with destructive results to stock. Human life has been sacrificed extensively to this great blizzard of the North. From all parts of the Northwest reports of fatalities have been received, until the sum total is now running into the hundreds. Many of these fatalities have occurred under the most singular conditions, within a few feet, as it were, of suitable places of shelter, where the victims, under the influence of the driving gale and flying snow, were unable to discover. Such a visitation is, we believe, unparalleled in the recorded history of the country. At Denver, Colorado, the temperature touched 28 degrees below zero, at Omaha 30, at Duluth 34, at Huron, D. T., 40, at Helena, M. T., 45, and at Belgrade, in the same Territory, 59, and at Clearwater, Neb., 63. In the Panhandle the temperature fell within two degrees of zero. During a portion of the period this extraordinary low temperature prevailed, a raging gale was blowing. A dispatch from one point in Minnesota reports the wind blowing at one time at the rate of 50 miles an hour and the thermometer at 38 degrees below zero. No human being could long face such a blizzard and survive. It is, therefore, nothing strange to read of the great number of fatalities. The records of Arctic exploration show few instances of such an extreme degree of cold weather in the far north as has just been witnessed along the northern frontier of the United States.

A CASE of smallpox in Oakland has placed the Health Department of that city in a queer predicament. Miss Della Merrill, daughter of a prominent resident of Oakland, has been stricken with smallpox. Her father immediately quarantined his house, hung out the yellow flag, and placed men around the building to prevent the approach of any person. The Health Officers demand that the young girl be removed to the pest-house. The father objects, and the officers declare they will carry her off by force. The action of the girl's father has placed the health authorities in an unpleasant position, for if one person maintains the right not to remove to the pest-house when ordered, many others would seek to take advantage of the precedent and the consequence would be that smallpox cases would be so scattered throughout the city that it would be impossible to control the disease.

BALFOUR, the Chief Secretary of Ireland, is said to be in more danger of assassination than ever Mr. Foster was. This opinion is based upon specific information which the police have, and which is thought to be absolutely accurate. The hatred of Balfour by the Irish leaders and their English allies is undying, and it is only by the closest guarding that his life has been spared to this time.

THE bakers' and waiters' strike in San Francisco is still in the same condition it was several days ago. There seems to be no movement to bring the conflicting elements to an understanding, and many restaurants and eating-houses are temporarily closed. Meanwhile the people are eating their regular meals, and growing very little.

MR. RANDALL declares that the President's message will make the next House of Representatives Republican. As a political prophet the great Pennsylvanian is as distinguished as he is a wise and disinterested reformer.—Valley Chronicle.

SINCE the perforation of the earth in Pittsburgh to get natural gas it is dangerous to enter a cellar there with a light. The volume of gas is so great that it seems to fill the ground, and cellars act as reservoirs for it.

The Forty-first Kentucky Volunteers have never been mustered out of service since the war. They intend now to ring in old turkey on the Government by drawing all the back pay due them to date. Their patriotism has a coat of fifty huns. Because a mistake has occurred, it is no reason they should take advantage of it and spoil their gallant record by stooping to such methods. Each soldier, should their claim prove valid, will be entitled to \$3,000. The time is counted from the close of the war.

Eighteen inches of snow has fallen in Nevada this winter.

NEWS OF THE DAY.

FRANKEL'S ACTS.

They are to be investigated in a Court of Justice.
SAN FRANCISCO, Jan. 21.—Considerable light is thrown upon the peculiar business methods of L. B. Frankel, the insolvent Virginia City stock broker, by a complaint which has been filed in the County Clerk's office by P. Deidesheimer. Frankel is the opulent stock operator who created such a sensation in the financial market several months ago when the stock excitement was at fever height, by precipitating the failure of Greenbaum & Co., and then levitating for parts unknown. Deidesheimer was one of many gullible individuals who placed implicit confidence in the honesty of Frankel, and employed him as their agent in the stock market. He alleges that from October, 1878, until March 8, 1882, he authorized Frankel to purchase and dispose of stock for him. Subsequently to the last mentioned date plaintiff expressed his intention to depart for Mexico, there to invest in some business enterprise. About this time the wily stockbroker informed him that he had purchased his books and ascertained that he was Deidesheimer's creditor in the sum of \$32,641.70, this sum being due for various transactions. Plaintiff believed this statement, and thereupon gave defendant his promissory note for the required amount. The latter afterwards commenced suit on the note and obtained judgment. The plaintiff was afterwards informed that Frankel, who had at that time assigned for the benefit of his creditors, had for several years made fictitious charges against his customers. He now believes that the account upon which the stockbroker obtained judgment on "short" sales of mining stocks, charges for interest on such sales, and for alleged assessments on mining stocks which were never paid by Frankel. He consequently prays that the judgment against him be declared void.

More of the Thosbe-Carlisle Contest.

WASHINGTON, Jan. 21.—Mr. Crisp, of Georgia, called up the contested election case of Thosbe against Carlisle, the pending question being on the resolution of the majority of the committee on elections confirming Mr. Carlisle's title to his seat. Mr. Hogg, of West Virginia, submitted a motion to reconsider the vote by which the House yesterday defeated the resolution providing for re-opening the case. Mr. Chapman, of Michigan, asked unanimous consent to offer a resolution bearing on the subject, but an objection came in the shape of demands for the regular order. The vote on the majority resolution resulted, yeas, 140; nays, 6; no quorum. Mr. Crisp stated that as the vote had disclosed the fact that there was no quorum present he would move that the House adjourn. The Speaker pro tem stated that he had made a mistake in entertaining the motion to reconsider, by Mr. Hogg, and that the motion could not be entertained until the previous question, under which the House was now operating, should have been disposed of. The motion to adjourn was agreed to by a strict party vote; yeas 139, nays 123.

National Board of Trade.

WASHINGTON, Jan. 21.—The National Board of Trade yesterday adopted a resolution asking Congress to amend the naturalization laws. This resolution provides that no person can be naturalized and given rights of citizenship who does not bear, and display to the court applied to for naturalization papers, a duly authenticated certificate from the customs officer, setting forth the date of the arrival of such person, place of entry in this country, the port whence he departed for this country, his place of nativity and the country he shall have left.

A New Dodge.

WILKESBARRE, Pa., Jan. 21.—In an address before the mass meeting of miners at Ashley, last evening, A. H. Hines advanced a new idea relative to the strike. He advised the strikers to apply to the poor authorities in their district for aid. This would, under the law, be accorded them, and a tax would have to be levied which would necessarily fall most heavily on the corporations and wealthy coal operators. Thus they would be compelled to contribute to the support of the men they are trying to starve into submission and in this way the corporation could be brought to terms.

A Dead End.

Hudson, N. Y., Jan. 21.—Judge Edwards to-day resented Oscar T. Beckwith, the Austerlitz murderer, to be hanged on Thursday, March 1st, between the hours of 10 A. M. and 2 P. M. The prisoner received his sixth death sentence by the court. Willing to be taken back to his cell he kept up a running fire of invective against everybody who had any connection with the case.

Fire and Loss of Life.

MINNEAPOLIS, Jan. 21.—A special from a town ninety miles north of Duluth, says that the boarding-house and saloon of Nelson Barnard was burned last night. Many of the inmates jumped from the upper stories, and ten perished in the flames. Two other boarding-houses were burned. The loss is \$12,000. The mercury was 56 below and absolutely nothing could be done to extinguish the flames.

Loss of Life and Stock in Dakota.

New York, Jan. 21.—A Nebraska special says, Judge Kinney, agent of the Yankton Sioux Indian Reservation, arrived here yesterday. It took him five days to go thirty miles, the thermometer being 40 degrees below zero. Most of the passengers crowded into one car and kept from freezing. The man discarded their outer garments and wrapped the women and

children up in them. Two babies perished and Judge Kinney says loss of life in Dakota is under-estimated, as newspapers have tried to cover it up. While at the station in Bonhomie county nine frozen bodies were brought into the depot in one day. The loss in the whole country will reach 100, and estimates, made in Yankton yesterday of the loss of life throughout the territory figure up over 1,000 lives. The roads from the agency to Yankton were lined with dead cattle, many farmers losing all they had.

The Democratic National Convention Will be Held in New York City.

NEW YORK, Jan. 21.—A Washington special to the World says that the Democratic National Convention will be held in New York City is now reasonably certain. The President is in favor of holding it there, and most of the party leaders believe that the best way of insuring the Empire State to the Democratic column is by selecting New York City as the place to begin the campaign.

A Boiler Explosion.

JANESVILLE, Wis., Jan. 20.—The boiler in George Kastner & Co.'s grain elevator exploded this morning, killing Mr. Kastner, a man named Kennedy and James Broker. The building took fire and at last accounts there was danger of a general conflagration, as the water supply was giving out and the flames were working towards the tobacco warehouses and Northwestern depot.

Coffee Mills Burned.

MONTREAL, Jan. 21.—Borglan & Heron's coffee mills, and the premises occupied by the Dominion Art Furniture Company and the Menard Hat and Cap Company, were burned this morning. Owing to the extremely cold weather, the thermometer being 20 degrees below zero, and the high wind, the firemen suffered severely and were greatly hampered by the hose freezing. Loss, \$250,000.

Whip Yards Burned.

PARIS, Jan. 21.—The great ship yards at Granville, near Havre have been burned. The entire plant was destroyed and eight hundred workmen have been thrown out of employment by the conflagration.

Cold in the East.

MINNEAPOLIS, Jan. 21.—This is the coldest day ever known here. The thermometer registered 48 degrees below last night, and at 7 o'clock this morning stood at 40 below. At Chipewaga Falls, Wisconsin, it was 68 below last night.

An Editor Fined.

ST. PETERSBURG, Jan. 21.—M. Fedoroff, editor of the *Napov Vremya* has been sentenced to six weeks imprisonment, and to pay a fine of 150 roubles for having libelled Herr Villourne, military attaché of the German Legation.

O'Brien Arrested.

DUBLIN, Jan. 21.—Patrick O'Brien, member of the House of Commons, was arrested at Athlone to-day, charged with having made a seditious speech on New Year's day. He was admitted to bail.

Steamer Wrecked.

LONDON, Jan. 21.—The steamer *Constance*, belonging to the Bristol Steam Navigation Company was wrecked yesterday off Plymouth, during a fog. Three persons were drowned.

Grandma Garfield Dead.

CLEVELAND, O., Jan. 21.—Grandma Garfield, mother of the late President James A. Garfield, died this morning at the home of Mrs. Garfield, in Mentor, aged 86.

A Railroad Rumer.

The San Francisco Chronicle says a railroad man, who claims to have had an interview recently with the Chief Engineer of the Chicago & Northwestern railroad, says that he was told that all arrangements had been completed for a preliminary survey of the extension of the line to the Pacific Coast. The survey will start from Winnemucca, and run through Surprise Valley, Hot Spring Valley, Big Valley and over the Hat Creek divide to Oroville, there to connect with the Northern California line. It was stated that as early as possible next Spring 4,000 men will be set at work on the road.

Contributions to the University Museum.

Mr. Melville Curtis, of Austin, has contributed to the State University Museum a large assortment of very valuable specimens of the ores of gold, silver and mercury. They are exceptionally fine, and will add very materially to the rapidly increasing collection. Mr. George Brodigan, of Hawthorne, has also presented specimens of gold-bearing and copper ores.

WADSWORTH GOSSIP.

A Budget of News From Railroad Headquarters.
 Regular Correspondence GAZETTE.
 WADSWORTH, Jan. 20, 1888.
 EDITOR GAZETTE—Jesse Macpherson, one of our little friends, is very sick.

Wm. Pierson is happy. Another boy, the image of his dad, is the cause of all the joy.

Law and order prevail, no case on Judge Augur's docket for six months past.

Strangers never fail to speak in highest terms of praise of our home library.

Plutes are scarce about town. Too much stern reality about this weather for poor Lo.

Hon. W. C. Dovey evidently has school interests at heart as the numerous institutes held under his supervision testify.

The ladies are preparing to give a leap year party in the near future. It will be a stunner. Tickets \$2.

Dr. J. J. Moore, the popular dentist, has been sojourning here for several weeks. His next point will be Reno.

Jas. O. Gregory is around again, but he says he is not yet in good enough condition to go through another experience like his late one.

No more hay for sale in Churchill county. Ranchers have disposed of all they wished to, and hold only enough for their own stock. As regards genuine property, Churchill holds her own with the other counties of the State.

By the way trains came and went to-day, it is evident the C. P. intends to make up for the delay caused by the cold weather. Trains are said to be at least 800 cars sidetracked on the Salt Lake Division.

The railroad boys tell tough yarns about the "freeze" at Carlin. When the recording angle looks over his records these Munch-uses will be sent to a climate of perpetual summer.

Tuesday evening we are to have a concert by some of our home talent and the school-children. The proceeds will be devoted to the purchase of school apparatus. A worthy object.

Dr. E. A. Jackson and Miss Jennie May McPherson. The ceremony will take place on the 25th instant at the residence of the bride's parents.

Ell Hirschfeld, late clerk of the Pyramid Reformation, left for his home in Arkansas last Wednesday. His successor, C. E. Jones, came Tuesday and went to work direct.

Donelson & Babcock have put up an icehouse of 40 tons capacity, and filled it with ten-inch ice. The ice crop has been first-class and our business men are fortified for summer.

Humboldt county has a paragon Superintendent of Schools in the person of C. H. Groves. He had the energy to visit the schools of Humboldt and encourage pupils, parents, and teachers, by giving talks on educational matters. The people there realize that they have a competent and efficient officer.

Jno. Quinlan, for some years head clerk at John Lee's store, went East Tuesday. Rumor has it that he will bring Mrs. John back with him. The Wadsworth girls had better take advantage of leap year, as many of the eligible young men (your correspondent among the number) are already spoken for.

As soon as the expected thaw comes, lovers of piscatorial sport will have plenty of fun on the banks of the Truckee, so say the rivermen, and they ought to know. Three tons of trout were shipped from here one night last week.

The light water has allowed the trout to come up.

Stockmen all say that there is no doubt but that many head of cattle have perished from the continued cold weather and consequent lack of food and water. Now comes a knowing vaquero who claims that in three years hence stockmen will be more than compensated for this season's loss by a necessary advance in beef caused by the terrible loss in other States. This loss will not be noticed the first year, but little the second, while the third cannot fail to bring to light the true condition of things as now foreseen by this purchaser. Our kings prayed for snow, now they pray for it to stop. "When the Devil was sick, the Devil got well, the devil a saint was he."

N. A. HUMMEL.

A Base Blunder.

The Reno correspondent of the Austin Reveille has evolved the following from his brain:

The Reno girls have struck to a new and novel plan to get silk dresses. They work the case up in the following manner. They single out some victim and find out his sentiments toward herself, and if they are unfavorable, she invites the gentleman to see her. Then he is doomed. Well, he comes; she makes him promise to grant her a favor or pay the penalty, and of course as any gentleman should, he agrees to the arrangement. Then she poses the question. Horrified! Well, she gets the dress. Your correspondent sincerely hopes that the Austin girls will not take up this practice, for I have heard of cases where the plan didn't work, as it was expected.

A Conscientious Journalist.

The editor of the Greenville (Cal.) Bulletin is evidently the most conscientious journalist in this or any other country. In his last week's issue he copied an item from an exchange and failed to give credit in print. Noticing his mistake, he took a pen and marked the name of the paper he had copied from in ink, so that all would know where the item originated. There is a lesson in the above, which the self-styled writers of the Carson and Virginia papers should take unto themselves when next they "mutilate" the Gazette.

BREVITIES.

Local and General Intelligence.
 Do not fail to attend the electric light reception to-night.

Ruel Waggoner has been taken to his home in Grass Valley.

Hereafter all locomotives for the Union Pacific will be built at Omaha.

The Central Pacific railroad is taxed at \$6,500,000 on all its property in Nevada.

Charles Chucovich is now sole proprietor of the Wine House saloon, having bought out John Novacovich.

Ice has formed on Lake Tahoe several hundred feet from the shore. The "oldest inhabitant" says it never occurred before.

Eugene D. White, of Portland, Oregon, and Sydney D. Peddar, of London, England, have been appointed Commissioners of Deeds for Nevada.

John W. Mackay was a passenger for the Bay last night. Stock sharps predict a deal shortly, as a result of his visit to the lower levels of the Comstock.

The Appeal has been informed that a strong "combination" of marriagable young girls has been made to whoop up a lively matrimonial campaign this year in Carson.

Marous D. Borrick has commenced a suit for libel against the Sacramento Bee. The damage to the character of the ex-leader of the American party is modestly placed at \$50,000.

Greenville (Cal.) Bulletin: We are informed that the thermometer reached 34 degrees below zero, at Clover valley, Friday night, the coldest ever known there. Some of the cattle were frozen to death.

The Tucson Citizen (Arizona) says there is an extraordinary demand at Clifton, in Graham county, for miners, 150 additional men being wanted at increased wages. The copper mines at Bisbee are also very active.

The Water Company has a force of men engaged in excavating the pipes leading to the Depot Hotel, and will soon have the water flowing through them again. The freeze-up was not very extensive and no serious injury will result.

Neil Burgess, who is recognized the country over as a first-class comedian, will appear at the Nevada Theater on Friday evening, January 27th, in the extremely funny comedy, VIM, which has been played to crowded houses, wherever it has been presented. Seats can be secured at the postoffice at the usual rates.

The weather has moderated and at 3 o'clock P. M. the thermometer marked 50 degrees above zero. The streets were all slush and the "mud hooks" that evoked the feet of pedestrians proved more useful than ornamental. The increased temperature, and murky clouds prepage another storm.

The Washoe Indians are certainly capable of enduring a great deal of cold. While a half a dozen white men have frozen to death in the State this winter, the Indians have not suffered the loss of a single one of their tribe, so far as is known, for everyone should afford them but little protection from the elements.

The Electric Light.

Supt. Stevenson gives a general invitation to the people of Reno to come this evening and view the works of the company, one half mile east of town. Buses and wagons will be in waiting at the Depot Hotel at 7:30 o'clock P. M. to convey persons who desire to see the operations of the dynamo, now run by steam power. Visitors will be shown every attention and conveyed back to town by the buses until all are returned. This is an opportunity that should not be missed, for everyone should be made familiar with the method of generating the mysterious force that lights the cities of modern times. Electric works are not actually accessible to the public, and this chance may not occur again. It is said that beer has a peculiar color when seen by electric light. Ladies will have a chance to view it.

The Public Library.

The committee to whom was referred the matter of organizing a public library and gymnasium have held numerous meetings, the last being held yesterday. They report progress, but the great interest with which the project was received by our citizens has lagged, some of the subscribers to the fund evidently desiring to "draw fish." However, it is the intention of the committee to go ahead with the \$800 at their command, and will soon call a meeting of the shareholders so that definite action can be had. Although the object of the association is to have a gymnasium in connection with the library, the committee have no money enough at their command to warrant them in organizing it, and therefore all their energies will be devoted for the present to the establishing of a library.

A Shrewd Advertiser.

One of the shrewdest and most successful advertisers is John Wanamaker, the great Philadelphia merchant, who accounts for his success in this way: "I never in my life used such a thing as a poster, a dodger or a handbill. My plan for fifteen years has been to buy so much space in a newspaper and fill it up with what I wanted. I would not give an advertisement in a newspaper, even of but 500 circulation, for 5,000 dodgers. If I wanted to sell cheap jewelry or run a lottery scheme I might use posters, but I never insult a decent reading public with handbills."

A THIEF EXPOSED.

He Gathers Mundry Shekels from Confiding Elkoites.

The Elko Independent says: Last December a "Smooth Ephraim" registered at the Gem Hotel as B. Valer, San Francisco, and the following day he interviewed a number of ladies in town, taking orders for military, and also subscriptions for a fashion magazine or some similar publication for which he collected in some instances \$5 and at others \$6, for which he gave receipts signed B. Haule. The fact that the lady subscribers who advanced the cash have received nothing in return and have heard nothing of Valer, alias Haule, or their coin, is pretty good evidence that he made a "haul" of several dollars from those who were taken in by his plausible story and amiable manner, and that he is a first-class blimp who deserves a cowhiding at the hands of those whom he so gracelessly swindled.

A correspondent at Wadsworth writes the GAZETTE that Valer alias Haule, had secured quite a number of subscribers in that town. He is evidently working Westward and the ladies of Reno should look out for him.

Loss of Stock.

Silver State: The loss of stock during the intensely cold weather was not so great in this section as apprehended. So far as heard from there was no serious loss along the Humboldt west of Stone House, but east of Battle Mountain the loss is said to have been considerable as the snow was deeper than down this way. No report has been received from up the Little Humboldt, but in Quinn River Valley the cold was not so intense as along the Humboldt.

Great Saving in our Prices.

Nothing has created so much talk as Breuners elegant and immense line of Bedroom and Parlor Furniture. Suites for two, three, four, five and six hundred dollars. We can furnish you with a suite—the finest in the land or the cheapest to be had. Our trade has demanded that we carry the richest lines, and to-day we are shipping goods to San Francisco, Oakland and other parts of the State. San Francisco merchants cannot compete with us, as their store rents and other expenses are enormously high. Everybody admits that we sell the cheapest, and everyone who visits our store says our assortment is as elegant as it is large.

If you desire anything in our line and cannot visit our stores, write us stating articles you want and will send you photographs and prices, and give you the same satisfaction as if you were selecting in our stores. Send for photograph of our \$20.00 bedroom suite.

For Sale.

\$30,000. Mrs. Howard offers her ranch on the Virginia road, the most beautiful of all the country roads in Nevada. It is located eight miles from Reno and in a fertile agricultural section. The ranch consists of about 100 acres and a valuable water right. The ranch has long had the reputation of being one of the best produced in the state. This year it has produced 800 tons of hay, pasture for 20 head of a cow, vegetables and other products in value about \$5,000. By the expenditure of a few hundred dollars the ranch could be made to be even much more productive than it is at present. The soil is admirably adapted to the raising of alfalfa, stock and vegetables. It has an excellent house, barn and other buildings, a good orchard and other improvements. For sale \$30,000; 1/2 cash and the remainder in five equal annual installments. Interest at 6 per cent. per annum.

\$13,650. A Santa's ranch located about five miles south of Reno is offered for sale. It consists of 45 acres, which will be sold at \$3 per acre, or for \$13,650 and on easy terms of payment. There is on the place a good house of eight rooms, two barns and other buildings. The place has plenty of fine irrigating water and plenty of alfalfa and springs of excellent drinking water. The ranch yielded this year 550 tons of hay, and pasture valued at not less than \$1,000. The total valuation of this year's yield is at least \$3,500, and some one year's yield has amounted to as much as \$5,000. As the ranch consists chiefly of pasture and meadow land, the expenditure of raising the place is exceedingly small. The ranch is especially desirable as a stock range and for this purpose would yield a handsome profit on the amount invested.

FOR SALE—Lots 10, 11, and 12 in Block 1, 1/2. A. B. Smith's Addition, south side of river, very desirable location. House of two rooms (hard finished), situated on lot 10, cleared, size, each 50 by 140. A bargain.

\$300. Lot 5x175 feet, on the Virginia road, a very desirable location, and the best bargain in Reno for the price. Perfect title; ditch flows through the property.

80 ACRES OF LAND under improvement; good buildings and fence; 20 acres in alfalfa; choice orchard—600 bearing fruit trees; 5,000 nursery trees; good well; situated 1/2 mile from the C. & P. railroad depot, Reno.

FOR SALE—House and lot on east side of Virginia street, one door north of fourth street; lot 50 by 140; house of five rooms. A very desirable locality.

FOR SALE—Lot 125 ft. by 140 ft., on east side of Virginia street, opposite residence of B. P. Lee. This is a very desirable piece of property.

40 ACRES OF LAND; 26 acres in alfalfa; 140 acres in pasture; 50 acres under fine cultivation; balance wild land—good for pasture. Will cut 250 tons alfalfa this year. Two acres of young and bearing orchard; good seed land.
Perfect title to 56 inches of water.
New two-story house of three rooms, hard finished; good barn. Situated 3 1/2 miles from Reno.
Price, \$2,000—\$2,000 down, balance on time at reasonable interest.

3,000 ACRES under substantial fence. ABUNDANCE OF WATER FOR IRRIGATION.
300 acres in wheat, barley and alfalfa. Controls an immense outside range for cattle or sheep.
\$2,000 WORTH OF HORSES, MARES AND COLTS.
All kinds of farming utensils.
Machinery, Wagons, blacksmith shop, etc. etc.
Plenty of water close by.
Ranch lies 20 miles south of Austin. This would make one of the best stock ranges in the state.
Price, \$15,000. Easy terms of payment given.

Also several large properties in Truckee meadows, properties at Station, San Jose, San Francisco and Alameda.
Mines bought and sold. The firm has numerous correspondents who are dealers in mining property.

The Latest and Greatest Discovery.
Dr. J. De Prati's Hamburg Flgs.—A crystallized fruit cathartic. A discovery of the greatest interest to the medical profession. A boon to every household. A most delicious laxative or purgative, prepared from fruits and vegetables. So perfectly harmless that they may be administered with entire safety to an infant. So efficacious to adults that a single dose will prove their value, and so elegant a preparation that it needs only to be presented to the public to become a necessity in every household throughout the land. For liver complaints, habitual constipation, indigestion, dyspepsia and piles, they are a specific. To travelers by sea and land they will be found invaluable. They are positively unfailing in their action, and this is the only medicine ever offered to the public that is acceptable to the taste, and so pleasant that children will eat the flgs as eagerly as candy. For sale by every druggist throughout the world. Price 25 cents a box. J. J. Frost, Mole & Co., prop's, 9 and 11 Front street, San Francisco, Cal.

FOR DYSPEPSIA and Liver complaints you have a printed guarantee on every bottle of Shiloh's Vitalizer. I never fail to cure. Sold by Osburn & Shoemaker.
